Capitalize on Innovation, Diversification and Liquidity with ETFs

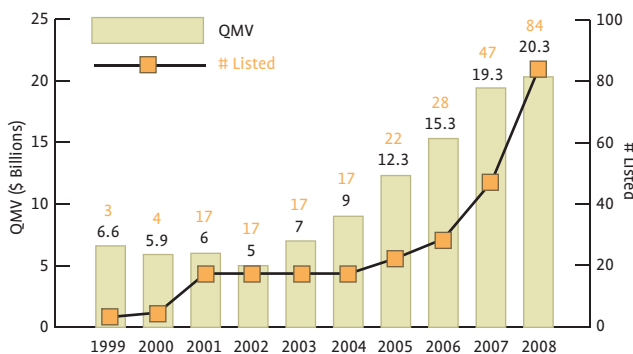

Toronto Stock Exchange, owned and operated by TMX Group, provides investors with innovative products, efficient market access and liquidity. Toronto Stock Exchange is the originator of the first Exchange Traded Fund and today continues to innovate and broaden the ETF spectrum.

Currently, there are over 90 Exchange Traded Funds and Exchange Traded Notes listed on Toronto Stock Exchange covering a wide range of asset classes and management styles. The issuers listing ETFs on the Exchange include: Claymore Investments, Inc., Horizons Beta Pro ETFs, Invesco PowerShares/Deutsche Bank, and iShares Funds. They provide the investing community – from individual investors to pension funds – financial products to better meet their investment goals. So whether an investor is bullish or bearish on a particular sector or the general market, seeking an actively or passively managed fund, TMX has an ETF to meet their financial outlook and help diversify their portfolio.

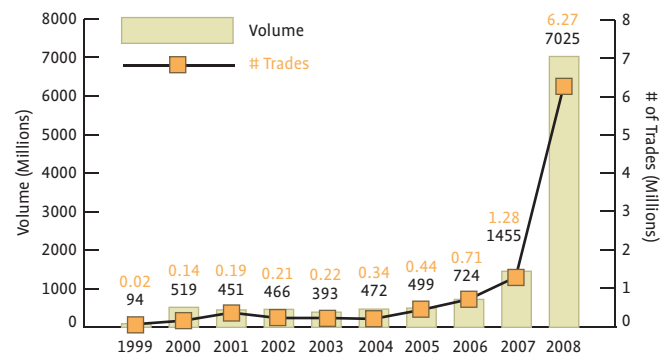

Benefits of ETFs

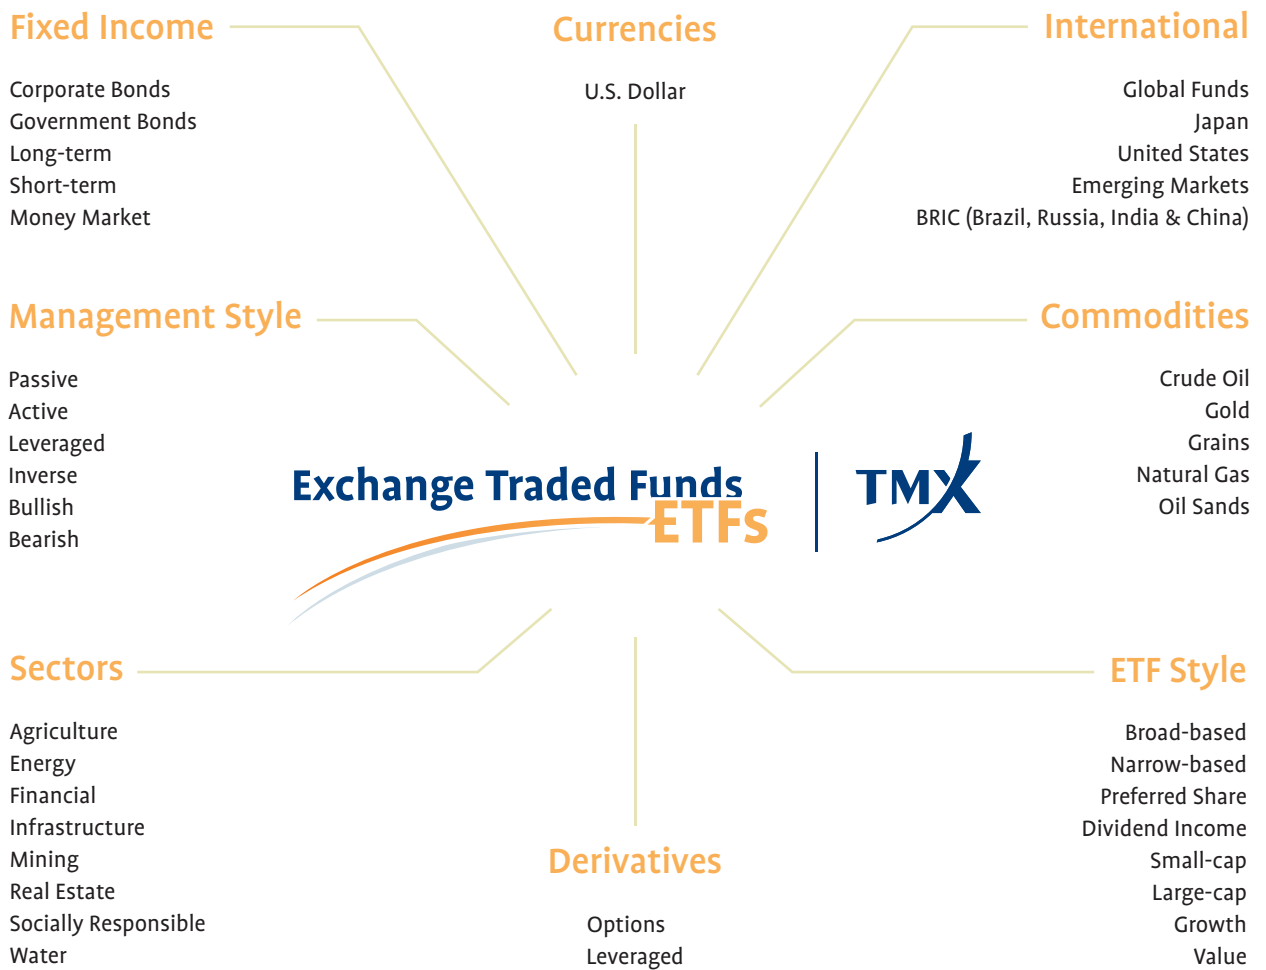

- Cost-effective diversification
